Ask about turning your event into a nostalgic **DRIVE-IN MOVIE!** We also stage **INDOOR MOVIES** and other big screen presentations.

Save - Do it yourself! Our 2011 cost is lowest when you coordinate the exhibition license. If you prefer, we'll still be happy to make the arrangements.

The *Movies in the Parks* inflatable screens are over 24 ft wide. Coupled with high quality sound systems, over 1,200 guests can enjoy a night of cinema magic under the stars.

2015 Price Reduction Mania!

Now every event gets our lowest price ever. All our presentation services remain the same - except your cost is now only **\$1,800 per event** when you arrange the public exhibition license. Municipal Alliance Committees, DARE, REBEL, CAT coordinators -

The mission of GCADA includes *increasing public awareness and developing prevention and education programs* for all New Jersey residents. Making the choice to host an attention-getting outdoor screening event with us can help you:

- **Reach** up to 1,200 people at a time - children *and their families* at a single event
- **Deliver** high-quality, high-impact, professionally developed anti-drug programming
- **Inform** using an approach demonstrated to deliver superior message retention
- **Promote** a positive, cooperative and wholesome community environment

Host a celebration of community...invite your town to enjoy a popular family-oriented movie like *Robots* or *Shrek 2* and make it a "double feature" with a 5 to 20 minute alcohol & drug education short like *The Performance Edge*, *McGruff's Drug Alert* or many others. You can choose from hundreds of popular movies and dozens of educational shorts...or provide your own unique "home grown" anti-alcohol or drug messages and present them with big screen impact.

No hidden fees, no surprises, just information you need.
